Dear Archery Instructor Program Participant:

I am pleased that you will be joining me for the Archery Instructor training at Wyonegonic Camps. **The course will be Wednesday June 10th 9:00AM – Thursday June 11th 12:00PM.**

Archery is an easy sport to teach and can be fun for the campers. It is very important that you leave the Instructor's Program with a key word and that word is "Safety".

Experience with archery is not required. If you have experience in archery, indicate that in the student information sheets.

The bow and arrow is a weapon. If you pass the course, you will be responsible for monitoring children and helping them to understand safety at all times. You will also be responsible to teach them how to shoot properly. Your behavior during class time will indicate to me, whether or not you can handle this important responsibility.

You need to demonstrate both skill acquisition and self-discipline. An ability to follow directions, to listen and to show an understanding of the material is expected. You will need to pass a written exam and a demonstration of your teaching skills.

Cell phones: I ask that you leave them in your car or in your cabin. If you want to take pictures bring a camera and also bring a watch. Cell phones are fun and convenient, but can also be addictive and cause distraction while you are teaching.

I look forward to working with you. If you have any questions beforehand, feel free to contact me at: lucy@nearchery.com or (603) 674-2845.

Sincerely,

Lucy A Morris
