Dear Alumnae and Camp Families,

As educators and parents we know that two essential components of raising children are love and structure. At Wyonegonic we intentionally plan, train and orchestrate with these two thoughts in mind.

We are proud that we have spent over a century - our 111th consecutive summer - successfully providing a summer of safe, age appropriate and memorable experiences for children and staff. We are pleased to be able to serve generations of families, as well as multiple siblings from the same family. With few exceptions we have been able to serve all the children accepted for our program. As alumnae become mothers and grandmothers we often receive letters that relay details about camp conversations that speak to "their best summers ever; were spent at Wyonegonic." We are grateful for all the letters of appreciation and praise expressing satisfaction for our efforts. We have every intention of continuing care with the same concerns, interest and energy.

In part the success of our program is based on:

- High standards of care for children
- High expectations for staff and ourselves
- A value system explained to families, staff and campers
- Boundaries clearly defined for all residents in camp

During Pre-Camp Training with staff we talk about keeping the well-being of our campers, both physically and emotionally, as our top priority. Wyonegonic is a community and a family.

We attempt to teach campers to:

- Recognize that they have responsibility for themselves and those around them
- Respect themselves and others in spite of differences
- Learn to make choices and to take responsibility for the choices they make
- Accept that they are accountable for their actions

Has the world changed? Do we have challenges? Indeed these factors play a part of this 21st century. However, changes and challenges are not new. Perhaps what is new is the instantaneous and constant exposure of influences that can adversely affect behavior. Although the degree of exposure varies, most children cannot avoid the potentially negative influences derived from constant and instant communication; of violent television, song lyrics, video based games, internet answers for all questions, a broader scope of bullying, a prescription solution for any ailment...the list can go on. Some of these exposures can influence behavioral development, but we have stood firm with our expectations for behavior. We continue to provide an experience based on simple living in the out-of-doors with a focus on people and appreciation of the environment. In a nutshell, our focus ties back to love and structure.

It is our intent and interest to offer pleasant memories, fun and learning for every camper. We rely on parents providing us with pertinent and necessary information so we can keep all children safe. As caretakers of children we strive to maintain a strong partnership with our camp parents.

We look forward to summer 2012. The ice is leaving Moose Pond early and we expect to get into camp property sooner than usual with the mild winter almost behind us.

Ginny Cobb Thibodeaux and Page joined **Steve Sudduth** for lunch in Menlo Park California. They stay active in their 8th decade and always remain interested in the Cobb Camps, started by Ginny's Grandfather, **Charles E Cobb**.

Phil Cobb

Phil Cobb, younger brother of Ginny passed away in mid-March. Phil moved to Maine after he retired as school principal in Princeton New Jersey schools. His wife, **Betty Nawrath Cobb**, pre-deceased him. The camp that they purchased in the late 50s, Runoia, in the Belgrade Lakes area, is owned and directed by their daughter Pam Cobb Heuberger.

Nancy Mallory Sansouci is captain of her tennis team. She also looks forward to a week of skiing in Colorado in April and a return to Family Camp in August. **Carrie Rymer Elliott** has kindly hosted the Rhode Island Reunion the past several years in their beautiful home overlooking the ocean. All three of Carrie's girls have attended Wyonegonic. Her sister, **Emma Rymer Roberts** owns a catering business which is home based in Wakefield Massachusetts. **Anne Darneille Snodgrass** loves winters in Florida where daily tennis is the norm. She and her husband still summer in Bridgton, Maine to connect with long time friends, play more tennis, kayak and garden. They also travel to catch up with their four grown children and one grandchild. **Jack Erler** is celebrating the completion of his dream house in Culebra Puerto Rico where he loves the quiet, sun, rest and relaxation. Jack

continues his attorney work with Curtis, Thaxter in Portland, Maine and provides counsel for the Maine Summer Camps Association. **Susan Kamm Connors** reports that both girls are working full time. **Nancy Cordiner Judge** sent a wonderful photo of the 21 children and grandchildren all gathered together. It has been an enjoyable journey seeing the kids become adults and many of them have enjoyed their summers on Moose Pond. **Elaine Buerkens Rains** likes being an elf during the holidays. She delivers packages to every family she has been involved with through her work the past nine years. She reaches out to the elderly about fraud, exploitation and mediation; also with families, especially child abuse cases. **Sally Barnes Sonne** is pleased that her muscle memory still allows her to enjoy an annual ski trip to Taos New Mexico with good friends. She and her husband, Chris, enjoyed a hiking/walking/eating trip to the Kenai Peninsula in Alaska and shipped home pounds of salmon. In summers at their Adirondack retreat, they entertain children and grandchildren.

Sonne Grandchildren

Jean Gentry McMullan and **Andy** moved to Jenkins Beach, Florida in January to be close to their oldest, **Kathy McMullan Kopani**. They are in independent quarters in Kathy's home. Jean reports she misses the ocean front condo in Vero Beach, but loves being near her daughter. Two grandchildren married after camp last summer so those were happy occasions for family gatherings. The McMullans reveled in the joy. **Skip Gentry** sends greetings from Maine where she now lives near her daughter **Carole**.

Robin Morsman Geis sends greetings from Longboat Key on the west coast of Florida. **Diane Smith (Erler)** has retired from her pre-school that she started in 1980. Nancy also volunteers at nearby Camp Sunshine for children with long term illnesses. Carol enjoyed lunch with Mary last Fall. **Louise Zellar Curley** who passed away in January told her family "I spent some of the happiest times of my childhood and have very special memories of summers at Wyonegonic." **Teddy Rupp** met camp friend **Sandy Farrell** in North Conway, New Hampshire for Thanksgiving. Pennsylvania, were special celebrations for milestone birthday and a son's wedding.

Lee Longsdale Schaffer writes from Atlanta, "good luck for a wonderful summer in those glorious woods. A breath of the Wyo piney woods would be a tonic right now, and a welcome change

from our heavy, pollen-laden southern air." **Sue Hyman Besharov** reports four grandchildren in four years. Three are future Wyo campers. She and her daughter **Eleanor** have started to teach Tess Wyo songs.

Friendships Made, Songs Learned, Dreams Dreamed

by Mellon Daniels McCormick

Ten years of Wyo camping in the 50's played an integral part of my growing up! Aside from all the fun, I learned so many skills - people skills (i.e. relating and being a good friend) as well as athletic and life sport skills. Remember how we learned not just to do an activity but to think about the safety aspects as well. I remember floating for at least a half an hour in beautiful Moose Pond looking at the sky as if I were staring into the embers of a fire and my thoughts drifted to inspirational dreams. Also, I remember hitting the tennis ball over the net at least 250 times in a game of cooperation with a friend.

I have "found" many of my Wyo friends recently and am beginning to relive some marvelous memories with them. I have been in touch with Dora Apted Grover, Barbara Bowen Oberg and Sally Barnes Sonne who we visited last year.

Sadly, or for the best, who is to say, my daughter was unable to benefit from the Wyo experience because we lived on an inland lake in Wisconsin and for a month in the summer on the South Shore of Lake Superior. Our family lived their own camp-like life. For 3-4 summers she went to the same YMCA Camp (Manitowish) that Carol Sudduth attended when she lived in Wisconsin. This camp is heavily into back packing and canoe trips that involve portaging between lakes.

Now...60 years later our Granddaughter Kiona McCormick will be a camper at Wyonegonic Senior Camp. She is coming all the way from Los Angeles! I am counting on the fact that there are not too many changes from the experience I received 60 years ago and can't wait to share the wonderful tales of her friendships made, songs learned and sporting skills attempted.

Mary Ellen Daniels McCormick, "Mellen" splits her months between her Wisconsin home and Monterey California. She and her husband Mike celebrated their 50th anniversary in Puerto Rico with their children and 6 grands.

The Bucknam family

Keep Those Candles Burning Through the Year

The first glimpse of the sign that says, “Wyonegonic” at the top of the driveway each summer is a special sight. In my family, it’s also an event. My dad will stop the car for a second to take a picture and send it to the rest of the family (“We made it!”), and my mom will begin to sing, “W-Y-O-N-E-G-O-N-I-C, Boom!” very loudly and with much enthusiasm. Seeing that sign every year brings feelings of anticipation, excitement, and pure bliss. I’m getting butterflies just thinking about it! We pull in amidst a sea of cars and girls wearing the familiar forest green and white, craning our necks to discover our next instructions. That moment seems so far away when we’re caught up in the mania of the school year, but that moment is always there.

By that first night, when we’ve all located our cabins, made our beds, screamed hellos, hugged every person possible, and we’re settled into dinner at the Cobb, it already feels like we’ve been here forever. By the end of the first week, we’re in full camp mode. It doesn’t feel weird to strap on a headlamp or slip into Crocs. Words like, “Kiyi,” “Wiggie” and “EP” are part of everyday conversation. But the summer slips by quickly, and no amount of giggling photographs or evening circle songs can stop that. Before we know it, the Wishing Girl is being chosen, the last regattas of the season are being sailed, people are being gifted Wiggie Chairs, and then it’s Candenight. How did this happen? Weren’t we just meeting our counselor and racing to get the bed with the shelves? Weren’t we just signing up for the first week of activities and selecting our Leaders? And then we’re gone. We’re back to the hustle and bustle of the real world, we’re checking our Facebooks to see if anyone has put up new camp pictures, and “Kiyi!” is once again a curious word. It’s tough to be thrown back into a world of clothing in more colors than forest green and white, and we all agree that “re-entry” is difficult, but it doesn’t necessarily mean camp is over.

In the words of the Inty wishing song, “Parting is sweet sorrow, but there will be tomorrow, so keep those candles burning through the year.” I’ve come to realize that Wyonegonic isn’t just a place. It’s a spirit that stays alive in all of us throughout the winter months, whether we realize it or not. Wyonegonic has taught me lessons that school can’t teach, that no amount of homework or tests can drill into my head. Wyonegonic has taught me how to love harder, how to appreciate the little things in life, how to feel confident with myself always, how to step way out of my comfort zone, and most importantly, Wyonegonic has given me some of the best friends in the world. The lessons and memories that we get from camp every summer stay with us our entire lives, regardless of where we are – we just need to remember to keep those candles burning.

So whether you’re all revved up to return to Denmark, Maine this summer or your years of Wyonegonic are past, take a moment today to think of camp memories. Pick up the phone or write a letter to a camp friend. Sing a happy evening circle song as you work. Tell someone a funny camp story and spread the laughs. Introduce a little girl to the magic of Wyonegonic. Whatever it is that you may do, keep the Wyo Spirit inside and it will feel like you never left. Remember, “May cares all forsake you, and blessings overtake you, ‘til we return ‘neath smiling skies of blue, Wyonegonic’s waiting here for you.” And that is the truth – the spirit and magic of Wyonegonic will be there for you always.

What others are saying . . .

"Family camp... is where my children learned independence and responsibility, and where we have, for the last 17 years, experienced the rewards of lifetime friendships, and the joy of having unabated fun."

"... The experience is renewing every year, and a spiritual high that lasts from August to August."

"The children love the freedom of going to their favorite activities and we adults feel free to pick and choose how active we want to be. My sister and I especially love to come together with our children for a fun, low-stress time in a beautiful and memorable place!"
